

Burn, Rip and Label Discs in Batch Affordably and Automatically in-House

Nimbie USB Series BD/CD/DVD Automated Duplicators, PC-Connected

- Affordable for Office, Studio and Home Applications
- Optional LightScribe and Blu-ray Disc Burning Compatibility
- Use Independent Loader and Unloader Mechanism to Increase Production Efficiency
- Covered Disc Cabinet for Dust-Free Operation
- Top-Feed Loader Allows Non-Stop Disc Refills Anytime
- 100 Disc Capacity (30 Discs while Lid Closed)
- PC-Connected Operation, SDK on Request
- Compact Footprint in Neatly Enclosed Housing
- Global Voltage Auto-Switching Power Supply

Traditional auto-loaders waste time as the robotic arm must travel back and forth several trips to pick up, load and unload discs. Nimbie employs independent loader and unloader mechanism to eliminate unnecessary trips and shorten the cycle time, resulting into increased production efficiency.

Specification:

Application	Automated disc-to-disc duplication, burn or backup files to discs, grab disc image, and LightScribe labeling; rip audio and video discs require appropriate software
Operation	PC-connected; appropriate application software required; LightScribe requires manually loading discs label side down
LightScribe	Innovative technology invented by Hewlett-Packard to burn labels directly onto compatible discs. Because the labels are laser-etched (not printed), there's no ink, no smudging, and no peeling
Optical Disc Drives	One CD/DVD recorder; optional Blu-ray or LightScribe
Control Panel	LED indicators
Write Speed	40x (CD-R), 16x (DVD-R), 4x (Blu-ray); (Write speed may vary on disc recorder configuration)
Disc Type	Standard Blu-ray/CD/DVD disc (120 mm diameter); LightScribe discs required for labeling
Loading Mechanism	Patent pending top-feeding loader, first-in-first-out for easy refill anytime; independent loader and unloader to save cycle time and increase production efficiency
Disc Capacity	Input: 100 discs (30 discs while lid closed) Output: removable disc spindle case Reject: 5 discs or more
Interface	USB 2.0
Power	100~240 Volts, 50/60 Hz
Dimension (W x D x H)	195 mm x 213 mm x 390 mm (7-3/4" x 8-1/2" x 15-3/8")
Weight	3 Kg; 6.5 lbs (vary on configurations)
Certifications	FCC and CE
