- Each Client Individually Employs Dedicated Autoloader; Seven Autoloaders Serve Drives Faster Than One;
- One-to-Multiple Disc Duplication; Simply Load-&-Touch
- FIFO Loader Allows Non-Stop Disc Refills Anytime
- Intelligently Re-Connect New Member Clients to Work
- Independent disc duplication will continue even if any client failed

**7 Drives
700 Discs**

Load-&-Touch Copy

Traditional auto-loaders waste time as the robotic arm must travel back and forth several trips to pick up, load and unload discs. Nimbie employs independent loader and unloader mechanism to eliminate unnecessary trips and shorten the cycle time, resulting into increased production efficiency.

Specification (Master Unit, NBCH07):

Operation	Standalone duplicator with built-in hard disk; load-&-touch; host computer not require; for one-to-multiple disc duplication
Expandability	Starting from one master and one client; up to seven clients can be attached to one master unit
