

One-Touch-Operation Duplicator Simply Goes Four Discs per Run

Xymba Standalone Series

World's First Expandable BD/CD/DVD Automated Duplicator

Traditional auto-loaders waste time as one robotic arm must travel back and forth so many trips to pick up, load and unload discs. Xymba employs independent loader and sync-unloader to eliminate unnecessary trips and shorten the cycle time, resulting into increased production efficiency.

- Two Drives Expandable to Four; 80 Blank Discs Capacity Expandable to 160
- True High-Speed Native SATA Drives and Hard Disk
- One-to-Multiple and Multiple-to-Multiple Disc Duplication
- Friendly One-Touch-Copy Operation
- FIFO Loader Allows Non-Stop Disc Refills
- Independent Loader and Sync-Unloader Mechanism Increase Production Efficiency
- Lockable Cabinet Secures Discs and Keeps Dust Away
- Compact Footprint in Neatly Enclosed Housing
- Global Voltage Auto-Switching Power Supply

**Native
SATA Drives**

Specification:

Operation	Standalone duplicator; do not require host computer; hassle-free one-touch operation
Optical Disc Drives	Two disc drives per unit; SATA interface for optimum performance and future industry standard compatibility; CD/DVD with optional Blu-ray support
Expandable Capability	One client unit (XB42S) attached to one master unit (XB42M4) expands the system to four drives and 160-disc capacity.
Control Panel	Push button switches with LED indicators; the master unit controls the operation of the expandable system.
Duplication Mode	Automated one-to-multiple and multiple-to-multiple disc duplication (Multi-to-multi disabled when XB42S attached)
Write Speed	40x (CD-R), 16x (DVD-R), 4x (Blu-ray); (Write speed may vary on disc recorder configuration)
Disc Size	Standard Blu-ray/CD/DVD disc (120 mm diameter)
Loading Mechanism	Top-feeding loader, first-in-first-out, patent pending; use independent loader and sync-unloader to save cycle time and increase efficiency
Disc Capacity (Per Unit)	Input: 80 discs; Output: 80 discs; Reject tray: 3 discs or more
Power	100~240 Volts, 50/60 Hz
Dimension (W x D x H:)	235 mm x 423 mm x 431 mm (9-1/4" x 17" x 16-3/4")
Weight	13 Kg; 29 lbs (vary on configurations)
Certifications	FCC and CE
